HB 2153

VLT exemption; military members; spouses
Prime Sponsor: Representative Borrelli, et al., LD 5

X Committee on Transportation and Infrastructure

Caucus and COW

House Engrossed

OVERVIEW

HB 2153 exempts a surviving spouse and a dependent of a deceased United States military member from paying a vehicle license tax (VLT) or registration fee for a vehicle.

PROVISIONS

1. Exempts a surviving spouse or dependent of a deceased member of the United States military who was killed in the line of duty or as a result of injuries sustained in the line of duty from paying a VLT or registration fee.
2. Specifies that a surviving spouse or dependent may claim only one vehicle for this exemption.
3. Makes conforming changes.

CURRENT LAW

A vehicle license tax is required to be paid for all vehicles registered for operation upon highways (Article IX, Section 11, Constitution of Arizona). In addition, an eight dollar registration fee is required for all motor vehicles and a nine dollar fee is assessed for all motorcycles (A.R.S. § 28-2003). Currently, A.R.S. § 28-5803.01 exempts surviving spouses and dependents of deceased law enforcement officers, firefighters or emergency responders killed in the line of duty or as a result of injuries sustained in the line of duty from paying a VLT or registration fee.

OVERVIEW

HB 2179 allows a city, town or county to establish a program which provides emergency responders with critical health information about individuals who participate in the program by ordinance.

PROVISIONS

1. Permits a city, town or county to establish, by ordinance, a program which provides emergency responders with critical health information about individuals who participate in the program in order for emergency responders to aid participants who are involved in motor vehicle accidents or emergencies.
2. Outlines standards of such a program for a city, town or county as follows:
 - a. Requires an interested party (including local law enforcement agencies, fire departments and emergency medical services personnel) to consult with each other and design program materials, giving consideration to similar programs in other states for the purpose of uniformity. The program materials must include all of the following:
 - i. A yellow decal of uniform size and design that is to be placed on the rear driver's side window.
 - ii. A health information card that provides a recent photograph of the participant and indicate their name, emergency contact information, physician's names and contact information, medical conditions, recent surgeries, allergies, medications and any other information the city, town or county deems relevant.
 - iii. A yellow envelope for the health information card to be inserted into and placed in the participant's glove compartment.
 - b. Mandates the city, town or county to provide program materials to the public and to state and local law enforcement agencies.
 - c. Allows the city, town or county to charge a participant a fee which will be determined by the local entity.
3. Provides that a yellow decal on a motor vehicle involved in a vehicle accident or emergency:
 - a. Serves as a notification to an emergency responder that the driver or any of the passengers may be a program participant.
 - b. Authorizes the responding emergency provider to search the glove compartment for the yellow program envelope.
4. Allows the emergency provider to use the information contained in the yellow envelop for the following purposed:
 - a. To identify the program participant.

Fifty-second Legislature

Transportation and Infrastructure

HB 2179

- b. To determine whether the program participant has a medical condition that could impede communications with the emergency responder.
 - c. To communicate with the program participant's emergency contacts about the condition and location of the participant.
 - d. To consider the program participant's current medications or preexisting conditions when treatment is administered.
- 5. States that an emergency responder is not liable for civil damages resulting from acts or omissions that do not amount to willful misconduct or gross negligence in response to incomplete, incorrect or outdated information provided on a health information card if the responder acted in good faith in the execution of care.
 - 6. States that an emergency responder is not liable for damage to a program participant's vehicle when obtaining information if the participant is unresponsive.
 - 7. Defines *emergency responder* and *program participant*.

CURRENT LAW

Currently not addressed in statute.

HB 2248

autocycles; definition; class D licenses

Prime Sponsor: Representative Gray, LD 21

X Committee on Transportation & Infrastructure

Caucus and COW

House Engrossed

OVERVIEW

HB 2248 strikes the requirement that autocycles be completely enclosed and states that a Class D license is valid for operating an autocycle.

PROVISIONS

1. Expands the definition of *autocycle* to include three-wheeled motorcycles that are not completely enclosed.
2. Stipulates that a Class D license is valid for operating an autocycle.
3. Makes technical changes.

CURRENT LAW

Currently, statute defines an *autocycle* as a three-wheeled motorcycle on which the driver and passengers ride in a completely enclosed seating area that is equipped with a roll cage, safety belts, antilock brakes and that is designed to be controlled with a steering wheel and pedals (A.R.S. § 28-101).

HB 2432

information technology; interoperable radio communications

Prime Sponsor: Representative Stevens, LD 14

X Committee on Transportation and Infrastructure

Caucus and COW

House Engrossed

OVERVIEW

HB 2432 modifies the definition of *information technology* to include *interoperable radio communications systems*.

PROVISIONS

1. Includes *interoperable radio communications systems* to the definition of *information technology*.

CURRENT LAW

A.R.S. § 41-3501 defines *information technology* as computerized and auxiliary automated information processing, telecommunications, and related technology, including hardware, software, vendor support and related services, equipment and projects.

ADDITIONAL INFORMATION

Interoperable radio communications systems (systems) provide public safety personnel with the ability to communicate with each other on demand and in real time. The systems aim to create intercommunications for strategic management and effective tactical support between public safety personnel, the continuity in which will support operations during emergencies and catastrophic events (Arizona Public Safety Interoperable Communications Office).
